Dear Mr. Proctor:

On January 27, 2015 BLM received a copy of your complete and signed application to Utah Department of Natural Resources (DNR) to release the financial assurance (\$9,400.00) for mining activity at the Rainbow Mine (DNR Permit ID# S310011) on BLM land in Piute County (BLM Notice UTU-83134).

An onsite inspection of the one acre Rainbow Mine site was performed. On January 27, 2015 BLM Geologist Joseph Manning found that no ground has been disturbed as the result of this Notice. The bond for the Rainbow Mine can be released in total with no amount reserved for re-vegetation or future liability.

Release of this bond constitutes the closure of associated the mining Notice. Any future disturbance greater than Casual Use on this or any other BLM lands will require a new Notice or Plan of Operations, Reclamation Plan and Financial Assurance.

If you have any questions please contact BLM Geologist Joseph Manning at (435) 896-1563 or jcmanning@blm.gov

Sincerely,

Wayne A. Wetzel
